4th June, 2020

NOTICE

We have received representation from the parents of school students and others regarding payment of various fees including books etc, stating that currently some of the parents are facing financial stress due to COVID19 situation. This matter was taken up for consultation in a joint meeting held on 2nd June 2020 with PTA and SMC members, wherein following points were discussed.

1. At the start of the academic year, we are facing an unprecedented situation due to Covid19 shutdown. None of us are sure as to how things will progress during the rest of the year. We will monitor the situation and take appropriate action once the situation normalizes, at an appropriate time.
2. We had decided and conveyed that there would not be any increase in fees for the current academic year 2020-2021.
3. The first installment of Rs. 14800/- is collected during the quarter April – June of every year. The parents, who are financially capable, should pay their full installment now. The parents, who are currently impacted due to this Covid19 shutdown, may put up their individual written representation to the undersigned, who will examine the matter and give her decision on case to case basis.
4. Payments for purchase of books: These are the actual payments made for purchase of the books. As you all are aware, online classes have begun, students need these books for reference and study at home hence, parents are advised to purchase these books against the payment.
